

ELY

January 24, 1908.

Dr. C. Hart Merriam,
Chief Biologist,
Department of Agriculture,
Washington, D. C.

Dear Sir:

At the last meeting of the Board, you made a statement that the form Yola Buli, adopted for the name of the mountain range in California was a, "ridiculous form". I inclose you a copy of a letter from Mr. A. L. Kroeber, Department of Anthropology, University of California, upon which our decision was based. If you have any data which will help us to make a better decision, please send it to me before the next meeting of the Board, in order that it may be considered by the Executive Committee.

Very respectfully,

Secretary.

Inclosure.
